WORK EXPERIENCE

2024 - Present

VOLVO – Automotive Assembler

Currently, I am studying Web Development while remaining employed at Volvo, where I work extra shifts as my schedule permits. My goal is to transition into a development role upon completing my education.

2024

MUFFINS TO THE PEOPLE – Marketing Manager

I was head of all marketing and communication for four cafés: Condeco, Evas Paley, Fröken Olsson, and Roots. My responsibilities included managing social media, websites, and printed materials such as menus, signage, etc.

2022 - 2023

RETHERM KRUGE - Marketing Coordinator

At ReTherm Kruge, I was primarily responsible for the marketing department. I worked directly with product managers to produce graphic material for social media, printed materials and newsletters. I was also the project manager and graphic lead for the development of there new website. Other tasks included creating 3D/2D animations and video editing.

2022

LUMENRADIO – Marketing Assistant

At LumenRadio, I worked with graphic design for print, including flyers, packaging design, roll-ups, and booth designs for trade fairs. I also produced graphic material for the web and social media. Animation and motion graphics were a significant part of my work.

2022

FRILANS – 3D Artist/Graphic Designer

I have completed several freelance assignments. Among others, I worked with my former employer Teamfront and their clients, but also worked with other companies to produce graphic material, edit videos, and publish social media posts.
